2. Click on the airport icon on the right-hand side of the menu bar (Looks like sound waves). A list of available networks will appear.

If there is not a lock, you can just join the network.

3. If it is password protected, there will be a lock icon.
Choose the network and type in the password for your
wireless network. Click on Remember Network and then
Join.

	The Wi-Fi network "PJR11" requires a WPA2 password.
